On-Road Heavy-Duty

Voucher
Incentive
Program

For More Information

If you would like more information regarding the VIP, please contact the AQMD Project Officer for this program:

Ashkaan Nikravan
Air Quality Specialist,
Science and Technology Advancement
South Coast Air Quality
Management District
Phone: (909)396-3260
E-mail: anikravan@aqmd.gov

Introduction

The VIP is a streamlined approach to reduce emissions by replacing old, high-polluting vehicles with newer, lower-emission vehicles, or by installing a retrofit device. This program is limited to owners/operators with fleets of 10 or fewer vehicles that have been operating at least 75% (mileage-based) in California during the previous twenty-four (24) months. The goal of this program is to reduce emissions from in-use heavy-duty trucks in small fleets by retrofitting Engine Model Years 1994 – 2006 or by replacing Engine Model Years 2002 and older with Model Years 2007 (or newer) emissions-compliant models.

The VIP is implemented by AQMD through contractual agreements with Dealers, Dismantlers, and Retrofit Installers. The Dealers/Retrofit Installers apply to the AQMD for the vouchers on behalf of the applicant. The approved voucher amount will be deducted from the total purchase price of the truck or retrofit device by the Dealer or Retrofit Installer, respectively. Applicants interested in replacing their truck must purchase their replacement truck through an AQMD-approved VIP Participating Dealership that has completed the required training for the VIP. Similarly, applicants interested in retrofitting their truck must purchase their retrofit device through an AQMD-approved VIP Participating Retrofit Installer who has completed the required training for the VIP. A current list of AQMD-approved Dealerships and Retrofit Installers is included in this brochure. Additional updates to these lists will be posted on AQMD's webpage as they become available, at: <http://www.aqmd.gov/tao/Implementation/VIP.htm>.

Program Highlights

1. First-Come, First-Served Basis (no application deadline; open until funds are exhausted)
2. Rapid Response Time: Applicant is notified of approval/disapproval within 5 business days of submitting application for funding
3. Exclusively for small fleets (10 or fewer trucks)
4. Maximum of \$45,000 available per truck for replacements and \$10,000 for retrofits
5. No contract required between applicant and AQMD
